Brussels (BE) – 10/09/2013

ACTIONS FOR VULNERABLE, ELDERLY, NOVICE DRIVERS AND ROAD USERS IN EUROPE-FOR TRAFFIC SAFETY

# THE MOBILE NEST...

## COMMON REFERENCED TOOLS FOR ALL...

The Mobile NESTs use **high quality road safety material** and travel around the involved Member States, as well as the rest of EU, whenever possible. Different configurations of equipment (referenced-based) have been tested and approved by the audience: e.g. **driving simulator, rollover car, belt sledges, collision weight, child seat training, Alcovision goggles** and a **van/trailer** combination for transport.

This material being too expensive for citizens or small NGOs to rent or buy, the Mobile NESTs ensure to cover real needs of citizens and communities about road safety, **by moving to them**. It brings **easy access to awareness programmes** for groups of people that have difficulties to move on a regular basis to the fixed NESTS. E.g. **schools, elderly, company employees, etc.**

**ACTIONS FOR VULNERABLE, ELDERLY, NOVICE DRIVERS AND ROAD USERS IN EUROPE-FOR TRAFFIC SAFETY**

# A COMMON IMPLEMENTATION...

**ALL OVER EUROPE...**

The **training activities** have general form for uniform groups of road users, and are **customized** according to the special features of the groups involved. For example courses are differentiating regarding the location **in rural or urban** areas.

**ACTIONS FOR VULNERABLE, ELDERLY, NOVICE DRIVERS AND ROAD USERS IN EUROPE-FOR TRAFFIC SAFETY**

# DRIVING SIMULATOR...

**FROM TOP-25 ASBL EXPERIENCE**

**Samedi 16 juin 2012 : Young Driver Day au centre de formation pour conducteurs de Colmar-Berg.**

Pour la deuxième édition du Young Driver Day, les Responsible Young Drivers ont rendu au centre de formation pour conducteurs de Colmar-Berg. Ils ont participé à des ateliers de conduite et leur alcoolkart. Malgré le mauvais temps, les jeunes ont eu un bon moment et ont pu tester leurs réflexes grâce à notre simulateur Daclat. Ils ont également pris en compte de manière réaliste qu'au volant il vaut toujours mieux prévenir que guérir.

**Liège | Samedi 1er et dimanche 2 juin 2013 : World Series by Renault**

Pour ceux qui étaient de passage à Spa-Francorchamps, les Responsible Young Drivers ont organisé une série d'activités. Ainsi on pouvait remarquer notre présence à l'événement. Les jeunes ont pu tester leurs réflexes grâce à notre simulateur Daclat. Ils ont également pris en compte de manière réaliste qu'au volant il vaut toujours mieux prévenir que guérir.

**Vrijdag 29 april 2011 : 'schoolfeest Buitenpost'**

Elk jaar wordt er in Buitenpost een schoolfeest georganiseerd, waarbij de school het toelast dat de leerlingen zelf alcohol innemen. Voorwaarde is wel, dat hier wel voorlichting en controle wordt uitgevoerd. Voor de voorlichting werd het promotieteam van Responsible Young Drivers uitgenodigd. Naast de normale alcohol- en drugsactie, had het promotieteam ook de alcoholbollen mee, om de leerlingen te laten ervaren hoe alcohol je reactievermogen kan beïnvloeden. De leerlingen deden enthousiast mee, er stond zelfs een wachtrij om het te proberen!
